Find in-network doctors

Your online provider directory is available to you 24 hours a day, 7 days a week — even before you become an Aetna member.

Your online provider directory is updated daily, giving you the most up-to-date information available on in-network providers. You can search for doctors by name, specialty, gender and more. You can even get driving directions to a doctor's office.

Find the doctor that's right for you — DocFind® makes it easy. Just log in to [aetna.com](https://www.aetna.com) and select the "Find Care" icon on the home page.

Enjoy the freedom to visit any participating doctor

Our plans give you the freedom to visit any doctor who participates in our network, without a referral. However, working with a primary care physician gives you a chance to visit a doctor who will get to know your personal health care needs. Your doctor can:

- Give you everyday care and treat you for certain illnesses and injuries
- Know your health patterns and risks
- Guide you on important health decisions

It's easy to choose a primary care physician

You can select or change your designated primary care physician at any time by calling the Member Services number on your ID card or by logging in to [aetna.com](https://www.aetna.com) and selecting the "Find Care" icon on the home page.

¿DocFind en Español?

Simply click on the "Español" link at the top of the DocFind page to switch to a Spanish version.

Building a relationship with a primary care physician is a good idea. They will help you make informed decisions about your care.

One Medical™ – Your Primary Care Partner

What is One Medical and why join?

One Medical is a membership-based primary care practice and the first place to go for everything about your health. No matter the issue, big or small, just start here and they'll take care of the rest. Expect the highest quality care and an approach focused on getting to know you as a patient and a person.

With same-day appointments at any of 60 locations nationally and free virtual care around the clock, One Medical is there when you need them. Services include preventive screening, anxiety and stress management, and care for acute or chronic conditions, digestive disorders, sports injuries, allergies, asthma, diabetes, women's health, men's health, and travel health.

What this means for you:

- Aetna covers the complete cost of membership for you, your spouse and any dependents ages 14-26.
- One Medical doctors are in network with the Aetna medical plan.
- Visit onemedical.com/dcgvx to activate your membership using the code DCGVX.

The right care when you need it

If your life isn't in danger but you need medical care, it's important to know where to go to get the care you need, for the lowest cost. But, if you have a life-threatening illness or injury, don't wait — go to the nearest emergency room (ER), or dial 911.

Where to go for the care you need

Your doctor (primary care physician)

Aetna plans give you the freedom to visit any doctor who participates in the Aetna network, without a referral. However, working with a primary care physician gives you a chance to visit a doctor who will get to know your personal health care needs, medical history and background.

Always visit your doctor first, if possible.

Walk-in retail clinics

- Offer treatment for problems such as strep throat, ear infections, bronchitis and allergies
- Cost for treatment is less than urgent care centers and ERs
- Open extended business hours and evenings

Urgent care centers

- Offer treatment for problems such as fever, sprains, and minor cuts and burns
- Cost slightly more than walk-in clinics, but much less than the ER
- Have extended evening, weekend and holiday hours

ERs

- Use for life-threatening emergencies such as chest pain, trouble breathing or severe bleeding
- Have the highest cost for treatment
- Open 24/7
- Treat true emergencies first, often resulting in a long wait for non-urgent cases

Teladoc® — a convenient, cost-effective alternative to a doctor's office visit, non-emergency visit for urgent care or visit to the emergency room

Teladoc is a service that lets you consult by phone with board-certified general practitioners, internists and pediatricians. Your Teladoc doctor can diagnose, treat and call in prescriptions to your pharmacy for a variety of common non-emergency medical problems (such as colds, coughs, flu, sinus problems, allergies and respiratory infections).

Use this convenient service when your doctor's office is closed, you're on vacation or you can't get to the doctor because of your schedule or location. Or when you simply want to save the time and money involved with a trip to the doctor's office.

Teladoc is available 24/7* at **1-855-TELADOC (1-855-835-2362)**. You can also visit teladoc.com/aetna to access Teladoc. For each consultation, your cost is the same amount you pay for a visit to your primary care physician.

Please refer to the summary of benefits chart on page 10 for these costs.

*Teladoc is subject to state regulations and may not be available in all states.

How your health plan works

The Government of the District of Columbia offers these three plans:

- Aetna HMO Plan — Aetna Health Network OnlySM
- Aetna PPO Plan — Open Choice[®] PPO
- Aetna Consumer-Driven Health Plan (CDHP) with Open Choice PPO

HMO Plan: Visit any in-network doctor of your choice

You can visit any doctor, provider or facility in network when you choose the Aetna HMO Plan — Aetna Health Network Only.

You must stay in network in order to receive coverage. There is no coverage for out-of-network providers. To find an in-network doctor, just log in to **aetna.com** and select the “Find Care” icon on the home page.

Your options for getting care when you need it:

Option #1: Visit your primary care physician (PCP)

A PCP is the doctor you go to first. Your PCP helps you learn about your health and how to manage it.

- See your PCP for routine checkups or when you are sick or injured.
- You can choose any PCP from our network. You can change your PCP at any time.
- For most services, you pay a copay (a specific dollar amount) at the time of your care.

Option #2: Go directly to any in-network doctor

Make an appointment with any doctor or specialist in the Aetna network.

- You never need a referral.
- You must see network providers to receive benefits through this plan.

PPO Plan: Visit any doctor — in network or out of network

The Aetna Open Choice PPO Plan gives you two options for visiting your doctor.

Option #1: Visit any network doctor

You do not need to select a PCP, nor do you need a referral to visit different doctors or specialists in Aetna’s network. Because in-network doctors have agreed to offer discounted rates, you will pay less for their services.

Option #2: Go to any licensed doctor

You may visit any licensed doctor you choose. You can also see out-of-network doctors without a referral. You will pay more for using an out-of-network doctor. Also, you may have to:

- Get approval from Aetna before receiving certain services
- File your own claims

See the chart on pages 10 – 11 to see the difference between in-network and out-of-network coverage levels.

CDHP: Take charge of your health care costs

With the Aetna Consumer-Driven Health Plan (CDHP) with Open Choice PPO, you're in control of your health care costs — a consumer-driven health plan puts you, the consumer, in the driver's seat.

You get the protection of a medical plan plus a tax-free Health Savings Account (HSA) to help you pay for qualified expenses. After you pay the annual deductible, the plan pays a percentage of covered services. You can use the money in your HSA to help pay your share of the costs. Or you can choose to pay out of pocket and save your account for future expenses. The HSA is part of your health plan and is separate from a Flexible Spending Account (FSA).

Here's how to get the most out of your CDHP:

Step 1: Build your Health Savings Account (HSA)

PayFlex® administers your account. Log in to payflex.com to manage your HSA.

- The total maximum allowed deposits for 2018 are \$3,450 per individual and \$6,900 per family. If you're age 55 or older, you can make an additional \$1,000 "catch-up" contribution.
- Your HSA earns interest. You have investment options once your balance reaches \$1,000.
- Funds roll over from year to year.

Step 2: Shop smart for health care

Find a doctor and know the cost of care by using the tools located on Aetna Navigator (see page 1).

Step 3: Visit your doctor and pay your share

- Preventive care is covered at 100 percent.
- Pay your share of other covered health care services.
- Pay until you reach the out-of-pocket maximum.
- After that, the CDHP pays for covered services. You pay nothing.

Help your HSA funds last longer

Getting care in the Aetna network will always cost less than getting out-of-network care. But you could save even more by comparing costs at different in-network facilities before you go.

The Member Cost Estimator tool makes it easy. It factors in your plan details to find out how much you'll pay. To use this tool, just log in to aetna.com. Then click on "Estimate Costs" below the "See Coverage & Costs" icon.

Get answers to your health questions

Serious health concerns call for serious support. Aetna In Touch CareSM is here to answer that call. When you're facing a chronic or acute health challenge, we provide powerful resources. Our on-call and online support adapts to your needs, your pace and your life. Call 1-877-243-2752 to contact a nurse.

Your Aetna In Touch Care nurse in action

In the most urgent circumstances, we connect you to one-on-one nurse support. We give you direct phone access to a highly experienced registered nurse. You'll work with one nurse for all of your critical needs. Your nurse is assigned to you and available to your whole family. Over time, your nurse becomes familiar with your health history.

Your Aetna In Touch Care virtual care in action

In less severe situations, we support you with dynamic virtual care. Virtual care provides convenient, personalized online tools. These tools are designed to help you adopt new lifestyle behaviors. You can make small changes that have a big impact on your health. Virtual care empowers you to work toward your individual health goals at your pace. You can also call an Aetna In Touch Care nurse as needed. You decide the topic and when and how often you interact.

Talk to a registered nurse anytime — day or night

With the Aetna Informed Health[®] Line, you can talk to a registered nurse anytime, day or night. Just call our 24-hour toll-free number at **1-800-556-1555**. While only your doctor can diagnose, prescribe and give medical advice, the Informed Health Line nurses can provide information on thousands of health topics. They can also tell you how to ask the right questions and describe your health symptoms more effectively during your next doctor's visit. However, remember to always contact your doctor first with any questions or concerns regarding your health care needs.

Your health information in one easy-to-find place

Has your doctor ever asked you questions about your health history, and you didn't even know where to find the answers? The Aetna Personal Health Record (PHR) provides a single, secure place to record and store your health information.

To access your PHR, simply log in to [aetna.com](https://www.aetna.com) and click on the "Personal Health Record" link below the "Stay Healthy" icon. Then, fill in your details such as:

- Family health history
- Immunizations
- Prescription and over-the-counter medicines
- Doctor's information, and more

Your health plan even updates your PHR automatically based on information from your claims. You'll find easy-to-use graphs that show how your biometric numbers change. The charts can track your progress as you get closer to reaching your health goals.

Active resources built right in

Aetna In Touch Care is built right into your benefits. It is a powerful program that opens a whole new world of holistic support.

These resources are confidential. They cost nothing extra. And they can make a huge difference in how you feel.

Wellness programs and resources

The following Aetna programs are available at no additional cost to you.

Work with your own health coach

The Healthy Lifestyle Coaching program lets you work one-on-one with a health coach who can help you quit smoking, lose weight, sleep better and more. Your coach can encourage and support you, as well as celebrate your victories. You can take this program as fast or as slowly as you want. And how, when and where you work with your coach is up to you.

You can:

- Call your wellness coach — even if you aren't scheduled for a coaching session
- Try our online programs 24/7 to enhance your coaching sessions
- Chat with your wellness coach on the phone or by email

Just call **1-866-213-0153** to get started.

Learn how to get healthier at your own pace

The Simple Steps To A Healthier Life® program makes it easy for you to improve or maintain your health in ways that fit your lifestyle. It can help you eat better, lose weight, get in shape, relieve stress and more.

Answer a few questions and get an action plan

In just 20 minutes, you can complete the Simple Steps online health assessment. You'll then get an action plan that shows you steps you can take to improve your health. Your plan will even include free online wellness programs.

How to answer the secure, confidential questions:

- To get started, simply log in to **aetna.com**.
- Then click on the "Health Assessment" link below the "Stay Healthy" icon.
- New to the site? Just click on "Log In/Register."

We won't share your information with anyone. You'll answer questions about your eating habits, tobacco and alcohol use, dental health, work life and more.

New online wellness programs to fit your needs

After you've completed your Simple Steps health assessment, your action plan may recommend any online health coaching programs that fit your needs.

The online health coaching programs include:

- Be Tobacco Free
- Blood Pressure in Check
- Diabetes Life
- Eat Healthier
- Get Active
- Healthy Back
- Heart Healthy Cholesterol
- Health In a Hurry
- Living Well with Asthma
- Sleep Well
- Stress Less
- Weigh Less

And to keep you on track, you'll receive periodic email reminders and words of encouragement throughout the program.

Give your baby a healthy start

Use the Beginning Right® maternity program throughout your pregnancy and after your baby is born. Enroll by calling **1-800-CRADLE-1 (1-800-272-3531)** or by logging in to **aetna.com** and clicking on “Maternity Program” after selecting the “Stay Healthy” icon.

Learn what’s best for a healthy pregnancy

Receive educational materials on:

- Prenatal care
- Signs of preterm labor
- What to expect before and after delivery
- Newborn care, and more

Take our pregnancy risk survey. Find out if you have any health conditions or risk factors that could negatively affect your pregnancy. If you are identified as “at risk” or “high risk,” you’ll receive two follow-up calls after delivery. You’ll also get an initial screening for depression and more support if needed.

Find a wealth of women’s health information

Just visit **aetna.com** and click on “Women’s Health.” You’ll find it below “Information & Resources” in the “Individuals & Families” tab. Once there, you’ll find information on pregnancy, baby care and more.

Aetna discount programs

Who said nothing in life is free? Enroll in the Aetna plan and get — at no added cost — Aetna extras. These discounts are your ticket to the small luxuries that can help keep you happy and healthy.

Discounts on gym memberships

Get the lowest rates at your choice of over thousands of gyms (and growing) in the GlobalFit® network.

Plus, these sign-up perks:

- Flexible membership options
- Free guest pass (at most gyms)
- Easy billing
- Travel, transfer or freezing privileges at some gyms

Keep in mind these savings are for new gym members. You can find more details on globalfit.com/fitness.

A healthier you from home

Health coaching

Get one-on-one support to quit smoking, ease stress, lose weight and more. On your schedule.

Personal training

With an On Demand* program, it's easy to get fit in private, at your pace. Your sessions air from any computer or mobile device. Just choose solo or group training.

At-home weight-loss program

Your body is your business. So you get weight-loss tips, menus and weigh-ins — right in the privacy of your home.

Savings on home exercise equipment

Build your body — and your home gym — with discounts on home exercise helpers like Zumba® equipment.

Healthy vision

Plenty of prescription savings

If your vision isn't 20/20, you'll love discounts on:

- Designer frames
- The latest in lens technology
- Non-disposable contact lenses
- Sunglasses, and more

Great rates on eye exams

Your eye exams are always discounted. So even if your plan covers your first exam, you can save on another one from any participating doctor.

Lots of locations

You can visit many doctors in private practice. Plus, national chains like JCPenney Optical®, LensCrafters®, Target Optical®, Sears Optical® and Pearle Vision®.** You can find them all on your member website at aetna.com.

More eye-openers

- Savings on LASIK laser eye surgery
- Replacement contact lenses, delivered to your door

You can even save on eyeglass chains, lens cases and cleaners, and nonprescription sunglasses.

*By Les Mills™ On Demand and Trainer On Demand, through GlobalFit.

Vital Savings by Aetna® dental discounts

Save on dental care and more

Vital Savings by Aetna is not insurance*** but does provide you with access to discounts on dental services, including teeth whitening and orthodontia. It's part of the family of discounted products and services that are sometimes not covered under insurance plans.† In most instances, you can save from 15 to 50 percent†† on services from general dentistry and cleanings to root canals, crowns and orthodontia (braces). You can also save on Waterpik® water-jet flossers.

Hearing discounts

On-the-spot savings

If you need a little help with your hearing, here's a great way to save on the essentials: hearing aids, exams, follow-ups and even batteries.

It's a nice perk that already comes with your Aetna benefits and insurance plan. And the discounts are instant, so you save on the spot.

Your covered family members can take advantage of these discounts, too.

***Vital Savings is not available in Vermont or Montana.

†Discount offers, other than dental, are subject to change without notice. Call the number on your Aetna member ID card to check current information. You can also visit vitalsavings.com.

††Actual costs and savings vary by provider and geographic area.
